## INTRODUCTION

**Leomax Group** is a dynamic and diversified conglomerate based in Tanzania, with a mission to become a global leader in multiple industries. We pride ourselves on innovation, excellence, and a commitment to delivering high-quality products and services across various sectors.

Leomax Group is proud to be the exclusive partner of the esteemed **China Unicom**, a leading Chinese public company, as the sole distributor of their International Roaming Internet SIM cards in Tanzania. This partnership empowers us to distribute, promote, and offer these SIM cards, ensuring Tanzanian customers enjoy seamless global connectivity. With Leomax Group, you can trust that we are bringing world-class services right to your doorstep, enhancing your travel and communication experiences with reliable, high-speed internet access wherever you go.

## WHAT WE DO

We are committed to overcoming the internet connectivity challenges faced by Tanzanians traveling abroad. By partnering with China Unicom, we provide a seamless, affordable, and reliable internet experience in countries such as China, Dubai, Saudi Arabia, and more.

Our service is tailored for travelers who need consistent, secure internet access without the hassle of VPNs or complicated setups. We simplify connectivity, allowing our customers to stay connected to their loved ones, work, and the world without worrying about high costs or technical complexities.

## WHY CHOOSE US

- 1. Global Coverage:** Stay connected wherever you go! Our SIM cards provide extensive coverage in top international destinations, ensuring that Tanzanians can enjoy seamless internet access no matter where their travels take them.
- 2. No VPN Required:** Forget the hassle of VPNs! With our SIM cards, you get direct and unrestricted access to the internet, even in countries like China where apps like WhatsApp, Instagram, Facebook, and Twitter (X) are restricted. Enjoy full access without any extra tools or barriers.
- 3. Cost-Effective:** Save more while you travel! Our SIM cards offer significantly lower costs than other international services, delivering high-speed, reliable internet at a fraction of the price. Perfect for tourists who need affordable connectivity during their short stays abroad.
- 4. No Registration Needed:** Skip the complicated setup! With no registration required, our SIM cards offer instant access, making it a hassle-free option for busy travelers who want to connect quickly and easily.
- 5. Available Locally:** Get ready before you go! Our SIM cards are conveniently available in Tanzania, so you can activate and set up your internet access before even leaving the country.
- 6. Unlimited Usage:** Stay online without limits! Enjoy unlimited data during the activated usage period, allowing you to browse, stream, and connect freely throughout your trip.

## KEY THINGS TO CONSIDER

### 1. Internet Data Only:

This SIM card is designed exclusively for internet (data) usage. It does not support phone calls, SMS, or provide a phone number.

### 2. Country-Specific Usage:

The SIM card can only be used in the designated country or region where it is intended for use. Please confirm compatibility before travel.

### 3. Activation Upon Arrival:

Activation is completed after reaching the specified country. Ensure you activate the SIM card only when you've arrived at your destination.

### 4. Usage Period:

The service period begins immediately after the SIM card is activated and will end as per the package's duration. Plan your usage accordingly to maximize the service within this period.

### 5. Card Validity:

The SIM card has an expiration date. Before purchasing, verify the card's validity with the seller to ensure it is still active and usable.

### 6. Automatic Activation:

The SIM card typically activates automatically once inserted into your phone. If it doesn't, try restarting your device, checking your cellular settings, and enabling mobile data for international roaming.

## **PARTNER WITH US: DELIVER SEAMLESS GLOBAL CONNECTIVITY TO TANZANIAN TRAVELERS**

As a Tanzanian company, we've designed this service specifically for Tanzanian travelers, offering a convenient and tailored solution for those venturing abroad.

### **Become a Partner and Boost Your Business**

We are actively seeking partnerships with agencies, travel companies, and businesses who want to enhance their service offerings by providing their customers with a reliable, global internet solution.

By partnering with Leomax Group, you'll be offering a unique product designed to meet the connectivity needs of Tanzanian travelers, ensuring their internet access is simple, affordable, and dependable.

### **Collaborate with Us**

Leomax Group is committed to working closely with partners to deliver this essential service to more Tanzanian travelers. We welcome agencies to join us as official distributors of our SIM cards, helping to bring global connectivity to even more customers.

By partnering with us, you'll not only enhance your business but also provide your clients with a vital service that ensures they can stay connected, no matter where their travels take them. Let's work together to offer Tanzanian travelers the best global internet experience available!
